

Kretschman
ANGUS

Annual Bull Sale
FEBRUARY 28, 2026

BUFFALO LIVESTOCK MARKETING BUFFALO, WYOMING
1:00 PM SELLING 70+ YEARLING BLACK ANGUS BULLS

Kretschman ANGUS

Hello everyone and welcome to our 2026 production sale.

We are excited to share this group of bulls with you this year. We continue to focus on raising functional cattle that thrive in our rough NE Wyoming environment. We had an amazing Summer and Fall so there was no added stress on our cattle because of drought or wildfires.

We have some new sires this year. B Bar Black Mass, Kenny Institution, Lt Clarion and Cherry Creek Blue Collar all have sons in this sale that are right there at the top. Hf Tiger and Lt Converse 8011 have always produced excellent females for us, and their sons are holding up their end of the bargain with great muscle and carcass traits.

We decided to get HD50K genomic tests on every bull this year. This is all new to our program and we are pleased with the results. There is a lot more information to take in when looking at the EPD's now, but it should be totally worth it. Please refer to page 9 for information on how to decipher those results. We will not have any actual ultrasound carcass data available this year so please refer to the new EPD's for those. These are just guidelines and hopefully next year we will have more accurate carcass information for you.

**New This Year:
HD50K Genomic
Percentile Ranks**
see pg. 9

We have always stressed calving ease in our program so please refer to the footnotes under each bull for those that we feel are suitable for heifers or ones we recommend for cows. We are firm believers that a bull does not have to have a big birthweight to pound the scales in the Fall.

Each one of these bulls will have a fertility test and soundness exam before sale day. Bovine infectious conjunctivitis (pink eye) seemed to be all around us this past year but fortunately our herd was not impacted by it but each bull has had the pinkeye autogenous vaccine just to be on the safe side

We welcome your call anytime. Please visit our website kretschmanangus.com or Facebook for updates and videos and get ready to bid live with DVAuction!

See you on sale day!

Kelby, Lacey & Clancy Kretschman

WELCOME

2026 Annual Bull Sale

SUPPLEMENT INFORMATION

Available on sale day with scrotal measurements and carcass ultrasound data and any other updates.
ANNOUNCEMENTS MADE FROM THE AUCTION BLOCK WILL TAKE PRECEDENCE OVER INFORMATION IN THIS CATALOG.

TERMS AND CONDITIONS

All cattle sell under the suggested terms & conditions recommended by the American Angus Association.

LIABILITY

Neither Kretschman Angus, Buffalo Livestock or any person connected with the sale assumes any liability, legal or otherwise.

DELIVERY AND WINTERING

Kretschman Angus will winter your bull(s) at no charge until April 1st. We prefer that all bulls stay with us until that date. There will be a \$100 credit for anyone coming directly to the ranch to pick up their bull(s). If any bulls need to stay with us after April 1st, feeding arrangements can be made. Will deliver to closest convenient location for both parties.

FERTILITY AND SOUNDNESS

All bulls will be fertility tested and given a full soundness exam by sale day by Drs. Jay and Brandi Hudson - Lazy H Large Animal Services.

RETAINED INTEREST

Kretschman Angus will retain 1/3 revenue sharing semen interest on all registered bulls sold in this sale.

FIRST BREEDING SEASON GUARANTEE

All bulls are guaranteed sound and fertile at time of sale or delivery. Any bull selling for \$3000 or more is guaranteed against breeding injury for the first breeding season of around 60 days after turnout of bulls. If injury or death should occur before the 60 days, full documentation by a licensed DVM will be required for credit, less the salvage value, or replacement, if a replacement is available.

HERD HEALTH

Kretschman Angus has adhered to a complete herd health program individualized for our operation. All bulls sell with proper health papers for delivery. **BIRTH** Alpha CD; **BRANDING**- Vista Once, Vision 7 w/Somnus & Spur and injectable Cydectin; **PREWEANING**- Vista Once, Vision 7 w/ Somnus & Spur and poured with Dectomax; **WEANING**- Vista Once, Vision 7 w/ Somnus & Spur, Nasalgen and poured with Clean up II.

A.I. SIRES

Each A.I. Sire is chosen based on the individual qualities that we are looking for: Phenotype, foot structure, disposition, calving ease as well as explosive growth traits. Everything needed to improve or add to your existing herd and to make great females to continue those cow power genes. The sons of these Sires embody all these traits.

How to Read the HD50K Percentile Ranks

The bottom row of numbers on each bull's data represents **HD50K genomic percentile ranks** (1% to 99%) within the Angus breed. These ranks are derived from high-density DNA testing and indicate the bull's genetic position compared to other tested Angus cattle.

- **Lower percentages are better for nearly all traits** — a 1% rank means the bull is in the top 1% of the breed (elite genetics), while 50% is breed average.
- These ranks help quickly identify strengths: for example, low ranks in growth traits (WW, YW), marbling (MARB), or ribeye (RE) indicate superior potential; low ranks in birth weight (BW) or fat suggest lighter births or leaner carcasses.
- Percentile ranks update annually and complement the weekly-updated Genomic-Enhanced EPDs above them.
