# ANNUAL PRODUCTION SALE

*March 17th, 2026*

**IN CHARLO, MONTANA**

53495 GALLAGHER RD | CHARLO MT 59824

BREEDING FOR BALANCED EPDs BIRTH TO CARCASS

# Hello

We would like to welcome you to the 25th annual production sale for the Blevins Angus Ranch. It has been our goal to raise, breed, and offer high-producing, correct, and long-lasting registered seedstock to cattle producers everywhere! Our bulls are fed to gain about three pounds a day; we do not push our yearlings too hard as we want them to perform without melting and maintain good feet and foundation. Our values supersede all else here on the ranch. We never offer creep feed to our calves because we believe in our genetics for growth! We have raised powerful breeders backed by 50 years of selective breeding to ensure that our program offers you a baseline you can trust. Our cattle come with feet that don't need to be trimmed because we want cattle that are low maintenance and efficient for maximum profitability.

There will be an auction via video inside the venue. Rest assured, cattle will still be available for viewing on-site the morning of the sale, so you can pick your favorites in person! This sale group is ready to perform for you! There is always yearling bulls at our sale for our calving ease customers along with some we recommend for mature cows. We know numbers on paper are not always a direct reflection of the animal. If you find a bull that you are interested in, but want some direction or insight, Wayne is always available to talk! Only fertility-tested stock are offered at our auction. We value our animals' health using our veterinarian-approved vaccine program. All animals have been ultra-sounded for data by technician Kristen Bailey.

We look forward to seeing new faces and our longstanding customers! See you soon!

Wayne & Kellie Blevins
